STATEMENT OF SIGNIFICANCE:

Egavik is nationally significant because of its association with the Iditarod National Historic Trail. Egavik was owned and operated by the Lowman Brothers (early traders out of Nome) for many years and served as a reindeer processing plant and trading post for the coastal area. Possibly the location of Iquik Roadhouse (AHRS No. NOB-027). At the site is a large galvanized metal or sheet iron structure, in good to excellent condition, that served as the Lowman Brothers warehouse for the area and several smaller temporary shelters.
