

**EXPLANATION**

52  
Pothole and number  
*Small potholes may not be drawn accurately*

A B C  
D E F  
Vegetation zones in study potholes  
*Pothole numbers shown to side; and topographic contours and water patterns omitted, in these potholes*

Zone boundary

750  
Water-table contour  
(From Sloan, 1970)  
*Shows elevation of water table, contour interval 10 feet*

90-1  
Observation well and number

Vigil network marker

Drainage divide where discernible

**MAP OF MOUNT MORIAH AREA, SHOWING POTHoles AND VEGETATION ZONES USED IN TABLE 8,  
SEC. 21, T. 144 N., R. 67 W., STUTSMAN COUNTY, NORTH DAKOTA**

Compiled by U.S. Geological Survey from aerial photographs made by Bureau of Sport Fisheries and Wildlife for this study
