

CH2MHILL PERSONAL COMMUNICATION FORM

Information From: Bryan Trimm/ExxonMobil

Date: March 24, 2003

Information For: Gar Carothers/CH2M HILL

Means of Communication: RFI Tracking List

Subject: RFI 38 – Public access restrictions during construction and operation

Physical Resources: Public Access

RFI 38 – Public access restrictions during construction and operation

Information Needed: Public access restrictions during construction and operation, including air exclusion zones.

Level of Detail: Narrative describing restrictions and rationale/basis for restriction standard.

Response: Public access within the facilities, including the in-field roads and along the gathering lines, will follow the same procedures as those set for other existing North Slope operators.

Status: Evaluating ExxonMobil response.
