Subject: Regional Bathymetry GIS File (RFI No. 85)  
ExxonMobil Development Company  
Point Thomson Gas Cycling Project

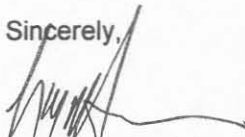

Dear Mr. Rockwell:

ExxonMobil Development Company (ExxonMobil) is pleased to provide a regional bathymetry contour GIS file to the EPA and its EIS Contractor, CH2M Hill. This information is being provided to the EPA and the EIS Contractor (CH2M Hill) in support of the proposed Point Thomson Gas Cycling Project, and addresses the request for available bathymetry data.

The GIS depth file (ESRI Shapefile format) contains discrete points that have an associated depth attribute. For your convenience, the shapefile has been loaded into a zip file to ensure that the data transfer is efficient. The shapefile is based on the North American Datum of 1927 (NAD27), Alaska State Plane, Zone 3 with feet as the coordinate units. The datum and coordinate system is consistent with other GIS files provided to CH2M Hill.

The GIS depth file has been forwarded to CH2M Hill via electronic mail (see attached). Please contact Mr. Bryan Trimm (907.564.3752) if you desire a copy of the electronic file. ExxonMobil developed this transmittal to address RFI No. 85 as presented by CH2M Hill in the EISrfiTracking database.

Sincerely,

Larry D. Harms  
Regulatory Manager

Subject: Pt. Thomson -- Regional bathymetry GIS file (EIS-RFI-85)

Gar,

Attached is a zip file containing general or regional bathymetry for the Central Beaufort Sea as requested by CH2M Hill. The datum is NAD27, ASP Zone 3 with coordinate units in feet. This submittal addresses EIS-RFI-85.
